Dear Mike,

You just have to be told about the conversation I overheard at our pool. Two couples were standing at the edge of the pool and one couple was advising the "new" residents on buying shutters. I didn't know either couples but your name was mentioned. The conversation was "we had the best shutter place - Mike Crocicolo sold us the shutters - he was very accommodating and friendly and he followed through with excellent installers. I'll give you his number for Betterview, take our word for it, he's good." I could hardly wait to get out of the pool, (I would have chimed in) but they had left.

You've got a great reputation at Sea Towers.
Keep up the good work!

Proud of you,

Mel and Elaine
